How to Build a Successful Business

My Goal

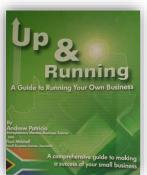

To teach you the steps you need to take to build a **profitable business** of your own.

About Me

- Entrepreneur
- Author
- CEO of BizLaunch
- Workshop presenter
- Online training
- E-commerce business

Success = Freedom

- The freedom to do what like, when you like.
- 2. Have enough **money** to do the things you love.
- 3. To love what you are doing.

Write it Down

Personal Goals

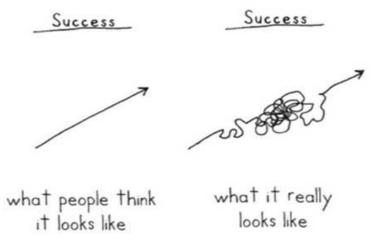

- 1. What do you want for your life?
- 2. How would you like your life to be on a daily basis?
- 3. How much money will it take to achieve your goals and dreams?

Be Specific

Write it Down

7 reasons why you absolutely have to succeed

It's not easy

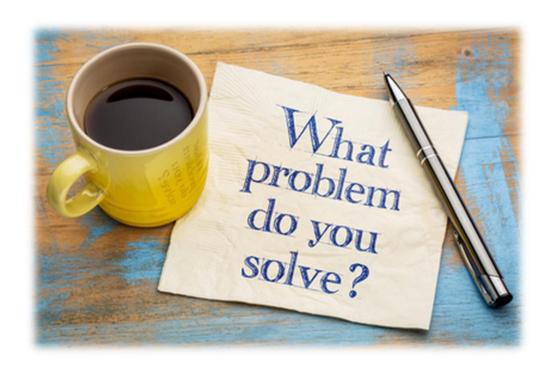

Why do you want to be a business owner?

Focus on the one thing you can do better than your competitors

Customers come to you to solve a problem they have.

Focus on the customer

What is your offer? **We help....**

How large is the market for your product or service?

Potential customers X Average spend

Convenience is king. If you can simplify a current market, product or experience, you have a real opportunity to provide value to the end consumer.

Gary Vaynerchuk

Customer Research

Interview at least 20 customers.

- Host online focus groups.
- Understand the wants and needs of your customer What features and benefits do customers want?
- Don't assume anything
- Do regular surveys in person by phone.

Get advice from an expert in the industry

Do your research

Know your competitors strengths, weaknesses and prices

Simple 1-Page Business Plan

Problem	Solution	Target customers	Marketing Tools	Unique Value Proposition
What problem have you identified?	What solution have you developed?	Ideal customer demographics & psychographics	Tools you will use to get customers	What makes your business different?

Numbers

- What are your monthly fixed expenses?
- What is your gross profit %?
- What is your break-even?
- What are your launch costs?
- How much cash do you require? (cash flow)
- What are your customer acquisition costs?

Revenue

- What is your revenue model?
- What assumptions have you made?
- What is your sales forecast?

Business Vision

A vision is "the picture that leaps into your mind when you close your eyes and dream about what you want your business to become. It's just over the horizon."

Adapted from: Essentials of Entrepreneurship and Small Business Management by Thomas W. Zimmer and Norman M. Scarborough

Jade utilized our services and we found her the perfect candidate for her team. Her business is now more profitable

Set personal and business goals

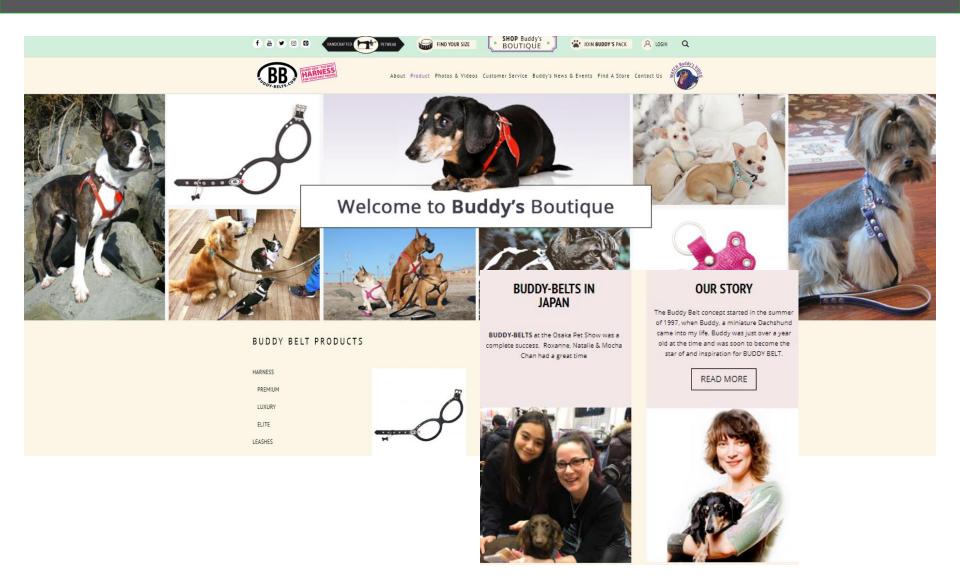

Business Vision

Imagine your business 5 years into the future.

- 1. What will it look like?
- 2. Where will it operate?
- 3. How many people will it employ?
- 4. Who will be your clients?

Solve a problem

Business Plan

"He who fails to plan is planning to fail"

- Sir Winston Churchill

Why is a business plan important?

It forces you to:

- Arrange your thoughts in logical order.
- Simulate reality and anticipate pitfalls before they occur.
- Base your decision on facts and figures rather than gut feel.

Business Plan Outline

Front page:

Business name, logo, slogan

Clear contents page

Executive Summary

This is the most important part of your business plan

If your summary is well presented, the reader will continue reading your plan. It needs to be interesting and grab the attention of the reader.

Max – 1 page Write it last

Executive Summary

- What does your business do?
- What problem does your business solve?
- Three to five reasons why your business will be successful.
- Is your industry growing?
- Who are your key competitors?
- Who is your target audience?

Executive Summary

Marketing:

How will you acquire clients?

Operations:

What resources do you need?

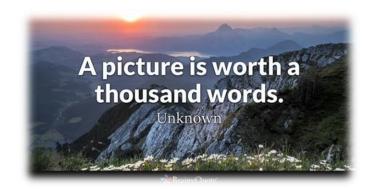

Finance:

- How much money, if any, do you need and how will you use it?
- What are your sales and gross profit expectations?

More detail
