# The Identity

## The Crossroads

Hepworth is a major intersection and decision point for travelers, but there is far more to this community than meets the eye: Ski, bike and snowmobile trails, a campground, golf course, service station, outfitter, and community centre all yield opportunities for activity that complement other attractions in the area.

Hepworth, as the Crossroads, is a bustling hub of activity as it acts as a major service centre for weary travelers enroute to the Bruce Peninsula or Sauble Beach. There are a wide variety of amenities and recreational activities that signal to travelers that they are close to the action.

The images and colours shown are for illustration purposes only, and are intended to illustrate a desired style and effect, not to define a specific product or colour palette, and are not intended to serve as working drawings or templates for production.

### Materials

**Brick** 

**Finished Wood** 

Brushed Steel

Initiatives in Hepworth should strive to carry on the adventure / crossroads theme. Materials should echo the yellow brick used in existing structures and styling should complement existing community features, with graphics and materials reflecting a clean, contemporary style and using wayfinding elements such as compasses, maps, and sign posts.
